

Dry Bath RS-120S

- Temperature control up to 120°C
- With timer function

The device is supplied without blocks. Eight optional blocks are available for tubes of different volumes and microplates

- Overheating protection
- Lid for protection and heat preservation

Technical specifications

FunctionsHeatingRegulator temperature range15°C - 120°C, increment: 1°CTemperature control accuracy (at 37°C)± 0,5°CTemperature uniformity± 0,5°CMax. heating rate5,5°C/minTimer1 min – 99 h 59 min, continuous operation (00:00)ScreenLEDOverheating protection140°CPower supplyAC 100-120V/220-240V, 50/60Hz		
Regulator temperature range15°C - 120°C, increment: 1°CTemperature control accuracy (at 37°C)± 0,5°CTemperature uniformity± 0,5°CMax. heating rate5,5°C/minTimer1 min – 99 h 59 min, continuous operation (00:00)ScreenLEDOverheating protection140°CPower supplyAC 100-120V/220-240V, 50/60Hz	Code	JDS007
Temperature control accuracy (at 37°C) \pm 0,5°CTemperature uniformity \pm 0,5°CMax. heating rate5,5°C/minTimer1 min – 99 h 59 min, continuous operation (00:00)ScreenLEDOverheating protection140°CPower supplyAC 100-120V/220-240V, 50/60Hz	Functions	Heating
Temperature uniformity ± 0,5°C Max. heating rate 5,5°C/min Timer 1 min – 99 h 59 min, continuous operation (00:00) Screen LED Overheating protection 140°C Power supply AC 100-120V/220-240V, 50/60Hz	Regulator temperature range	15°C - 120°C, increment: 1°C
Max. heating rate5,5°C/minTimer1 min – 99 h 59 min, continuous operation (00:00)ScreenLEDOverheating protection140°CPower supplyAC 100-120V/220-240V, 50/60Hz	Temperature control accuracy (at 37°C)	± 0,5°C
Timer 1 min – 99 h 59 min, continuous operation (00:00) Screen LED Overheating protection 140°C Power supply AC 100-120V/220-240V, 50/60Hz	Temperature uniformity	± 0,5°C
ScreenLEDOverheating protection140°CPower supplyAC 100-120V/220-240V, 50/60Hz	Max. heating rate	5,5°C/min
Overheating protection 140°C Power supply AC 100-120V/220-240V, 50/60Hz	Timer	1 min – 99 h 59 min, continuous operation (00:00)
Power supply AC 100-120V/220-240V, 50/60Hz	Screen	LED
	Overheating protection	140°C
Power 160W	Power supply	AC 100-120V/220-240V, 50/60Hz
	Power	160W
Dimension [D×W×H] 175×290×85 mm	Dimension [D×W×H]	175×290×85 mm
Weight 3 kg	Weight	3 kg

Available heating blocks

Code	Description
JDV017	Block 54x0,2mL
JDV018	Block 40x0,5mL
JDV019	Block 40x1,5mL
JDV020	Block 40x2mL
JDV021	Block 28x5/15mL
JDV022	Block 8x50mL
JDV023	Block for 96/384 microplate
JDV024	Block for 0.2mL, 0.5mL, 1.5/2mL tubes, 18 holes each volume
